

Chapter Sequencing

Put these events in the order in which they happened in the story, numbering them from 1 to 5. The first one has been done for you.

Bill and Molly entered an antiques emporium.

Bill noticed a lamp in the shape of a rabbit.

Bill rode to the high street on the back of Molly's bike.

Bill slipped an old-looking silver pen into his pocket.

Bill snapped at Molly and went off to look at some ancient football boots.
