ition.wordpress.
com](https://stanleyhightransition.wordpress.com)

On Monday 1st June, we launched our brand new blog page which will be dedicated to enhancing the transition process. The site will contain regular updates, information, frequently asked questions and testimonials from our students - We look forward to seeing you there!

ONLINE LEARNING - NEW YEAR 7's -

Starting Monday 8th June

<https://stanleyhigh.co.uk/online-learning-resources/>

Our staff have been very busy creating some lessons for you to take part in, we have included a wide variety of subjects including English, Maths, Science, Languages, Humanities, Drama and Music. They will give you a little taste of what learning is like at Stanley High School, but you are under no obligation to complete any of them. New work will be added every week until the summer holidays. We hope that you enjoy taking part in the activities and that they add to your excitement about starting in September.

All the staff here at Stanley High School are really excited about you all starting with us, your primary schools have said amazing things about ALL of you and I know you are going to be an amazing year group. Please make sure you follow our blog and our facebook page to keep up-to-date with what is going on at Stanley High School.

**See you all soon
Miss Cregg
Head of Year 7**
