

Monday 23.3.20 Local Habitats

Watch this clip for ideas <https://www.bbc.co.uk/teach/class-clips-video/biology-ks1-ks2-wonders-of-nature-wildlife-in-our-gardens/zkx2t39>

Can you draw a map of your garden? Go for a hunt around to see what you can find in this habitat. Look out for birds, insect, plants and anything else living that may live there. You can draw your map on plain paper and stick it in your workbook.

Remember - do not go out of the house without asking your grown-ups.

Draw a map of the local habitat.

Draw the trees and plants, and any animal homes that you find.

What kind of habitat is it?

Draw and label any animals you see.
