

1 2 3 4 5 maths, maths meeting
6 7 8 9 10 I love maths, yes I do!

Part 1 of the lesson - Maths warm up

Part 2 of the lesson - Revision of our number work using White Rose Maths

Part 1

- Addition to 20 race on Purple Mash.
- Times Tables practise on Purple Mash. I have set a class race so that you can compete against your friends. Be ready to get involved at 10.30. You will need to enter the Year 2 race room and then click I'm ready at 10.30. fingers crossed that it works.

Part 2

I have put the answer sheet below so you can mark your work.

White Rose Maths

Today's maths is all about subtracting two-digit numbers.

The videos are no longer on the White Rose website so I have added the video below.

- Work through the video first
- Either complete the worksheet or follow the link to BBC Bitesize for more activities.

<https://www.bbc.co.uk/bitesize/tags/z7s22sg/year-2-and-p3-lessons/1>

Remember, your answers can be written straight into your exercise book.

We haven't done column subtraction in school so I would encourage the children to use a number line like we did on 21.4.20. and 22.4.
