

French at St Philip's!

LANGUAGE ANGELS

Here is a quick look into French at our school!

Our Curriculum

Learning a foreign language is part of the primary National Curriculum and is a requirement for all children within key stage 2 (KS2). St Philip's has adopted a whole school approach to the teaching of French to all KS1 and KS2 pupils.

Our aim is to develop the confidence and competence of each child in the foreign language they are learning. Our goal is for them to be passionate, curious and confident about their own foreign language learning abilities when they finish the primary school phase of their education.

We will help them develop and demonstrate substantial progress in the 5 key language skills necessary for learning French.

What are we working on this year?

- More opportunities for children to use their language skills
- We have updated our French curriculum by adapting and introducing new units.

Language teaching should provide the foundation for learning further languages, equipping pupils to study and work in other countries.

Pupil Voice

"I like learning in French, things we have already learnt about in English, such as The Tudors and Planets. I know how to ask for things if I go to France".
