HOLOCAUST MEMORIAL
DAY
27 JANUARY

How history helps us -

- We learn what went wrong in the past – so we can avoid making the same mistakes
- We learn the story behind national and international days like this one - Bonfire nights, remembrance days etc
- We can be inspired by people in the past - people who put **justice** into action - look out for who in the presentation

Reasons learning history helps us now?

- Who was inspiring in this?

- **Learn from mistakes** – let's not let hate do this again
- Christian Value – **Justice** – Ruth did the right thing – she helped those in need – she can **inspire us**
- Know why we have days like this – know that we are remembering **all** people whose lives were cut short by hatred then- and that still are now in some places in the world – putting **respect** into action
