

Processing of Biometric Statement

Lead	Patricia Gilmore
Head	Sandie Edward
Chair of Governors	Jeremy Hooper
Policy amended	November 24
To be reviewed	November 27

Processing of Biometric Statement

This statement confirms that, at St Philip's Southport we do not store or process any form of biometric data, such as facial recognition, fingerprints or retina scans.

If the school does decide to store or process biometric data, a policy will be implemented for the processing of such data, which would be made available on the school website.

In line with our privacy notice we may pass our CCTV footage to organisations who do use facial recognition software.

Any changes made to the school's position on the processing of biometric data will be clearly communicated to all staff, parents and pupils.

If you have any questions about this statement, please contact the DPO.
