Advance Notice
Sports Day is the 10th June if you need to
take time off work. Infants in the morning,
Juniors in the afternoon.

This week we have celebrated Earth Day. Children have been thinking about using the power that we have and that leaders have to ensure that we make changes to clean up the way we behave on our beautiful planet

Our Power, Our Planet

The theme for Earth Day in 2026 is 'Our Power, Our Planet'.

What do you think this means?

This is all about using the power we have as businesses, governments, communities and individuals to ensure the air is clean, oceans are clear, energy used is renewable and species are protected.

There are many ways to achieve these goals and every action, both big and small, can make a difference.

NOW
is the time act!

- Reduce, reuse, recycle!
- Try to reduce car travel.
- Try to choose more local, seasonal food.
- Invest in your local area.

We are excited to welcome Jude Lenon an local Author to school on May 15th as part of our Raising Aspirations events during the National Year of Reading.

Staff absence.

On the rare occasion that your child's class teacher is absent due to illness we try to use teachers we know and who know us. When this is not possible we use carefully vetted agency staff. Ideally the same person would cover the whole of the absence period but sometimes when levels of staff sickness are high in our area this is not possible. Please be assured that there is always a high level of support in classes with a new supply teacher. Our wonderful TA's are always on hand to ensure that the children are well loved and well provided for. Rest assured that learning continues as usual as a result of our tight systems and processes.
