Monday 23rd November Year One Phonics Parent's workshops. 9 am and 3pm. ***All Year One Parents should try to attend if at all possible. We will be sharing important information about the Year One Phonics Check.***

Year 6 Maths Boosters have been very well attended. **The excellent turnout reflects children's positive attitudes towards learning and their determination to improve and achieve their very best.** Thank you from Mrs Edward to the children for coming and the staff for running them in their own time.

Patrick Hurley MP replied to our letters.

We were thrilled that our local MP responded to our questions and ideas about Southport. Making your voice heard is key to our learning at St Philip's. Knowing that you have the power and the skills to advocate for change or indeed be the change is a fundamental part of our curriculum work linked to British Values and PSHE.

Patrick visited us last year and we hope that he will have time for another visit soon. The school council have lots of questions ready!

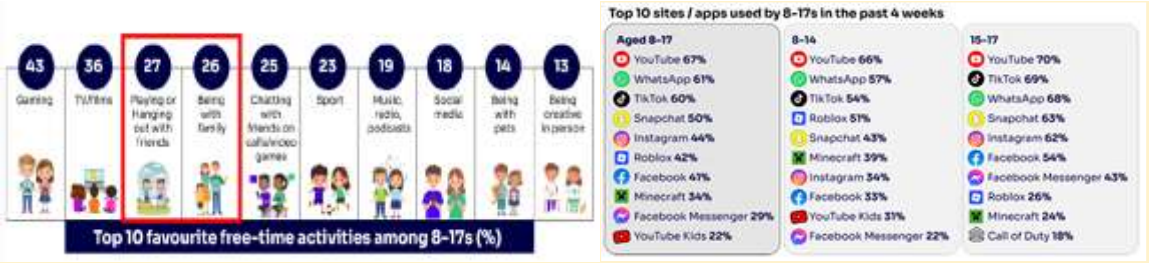

Busy week with Child Led Learning, Worship and Inter Faith Trips. We had Remembrance on Tuesday and Class Worship on Thursday. Every class has been on a visit to a faith building including Mosque, Synagogue and a whole host of different churches.

This week, we have again been taking part in internet safety learning to help children stay safe, responsible and respectful online. With apps such as YouTube, WhatsApp, TikTok, Snapchat and Instagram among the most popular platforms used by children and young people aged 8-17,our curriculum offer helps children learn how to stay safe online, protect personal information, recognise online risks and know where to go for help and support.

We encourage families to continue these conversations at home and to regularly check privacy settings, age restrictions and online activity to help children enjoy the benefits of technology safely. **We have demonstrated to children how to report online concerns. Parents can review use of the CEOP button on our website.** In addition, for absolute clarity wearable tech including watches, glasses and tags are not allowed at our school.

Inclusive Mainstream Fund. (IMF)

The Government have provided an additional ten thousand pounds to our school this year to support us to meet the needs of children with SEND. We have had to put a strategy together to show how we intend to use this money which as you can imagine is a tiny fraction of the amount we spend on supporting Inclusion each year. **As always, we like to consult with parents and will be sending a questionnaire home to you. We really value your input and your ideas so please do take a minute to complete it. Thank you!**
